

## DENISE DAVIS PLANET FASTPITCH UXBRIDGE, MA

Denise Davis leveraged her experience as a collegiate softball player and coach to launch Planet Fastpitch in 1997. In 2006, with assistance from Milford National Bank and the WBDC Small Business Administration 504 Loan Program, Planet Fastpitch took ownership of the Uxbridge, MA site they had been leasing.

Planet Fastpitch now has the region's largest facility devoted exclusively to fastpitch softball, offering professional instruction, state-of-the-art training equipment, and a number of specialized programs for individuals, groups, and teams.

Denise's story transcends that of a successful entrepreneur, as dozens of young women also have benefited from their Planet Fastpitch experience to gain college scholarships. In addition to her business skills, Denise has a tremendously positive influence on the community.

WBDC is proud to recognize her success.
